The Keiser's strictures on the liberal press continue to be discussed. A liberal organ to-night declares that restrictions on liberty of the press are contemplated, but little credence is attached to the statement. Socialist members of the municipal council attempted to pass a vote of censure on the resigned attitude of the municipal deputation which presented the address to the Kalser, but they were too weak numerically to ac-

complish their purpose. AN IMPORTANT OUTCOME of the smair was its effect on the Freis innige party in the laudtag elections, and heir loss amounting to one fourth of heir whole number. The party, though t has held its ground in Berlin, has had Se broughout the rest of the empire, especially at Konigsberg, Breslau, Altona and Frankfort to cede considerable ground to the National Liberals. Republican Majority in the House. Washington, Nov. 9 -"I believe we will have from seventeen to twenty majority in the next House," said Secretary McPherson of the Remublican congressional campaign committee to day. Tak-ing up a table printed in a New York Re-publican paper he said: "I am going to give the Democrats all they claim within reason where actual returns have not removed all doubt " From this table he reduced the R publican claims for congressman by one in each of Florida, Kentucky, Maryland, North Carolina and West Virginia and two in Virginia. In that shape he declared he allowed all the Democratic claims in doubtful cases and the result was a Republican majority of fifteen. He could not see how it could possibly be reduced below that figure, and allowing for Republican chances in doubtful districts as in Virginia, Marythought that every state in the Union will land, West Virginia, North Carolina and elsewhere. He confidently expected that the Republican majority would be found to be nearer twenty than diteen.
